DETAILED ACTION

1. This action is in response to applicant's amendment filed on February 22, 2005. **Claims 1-5,7,9,10,12-16,18,20,21,23-27,29,31 and 32** are now pending in the present application.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 31, line 1, change "Claim 30" to --Claim 23--

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance: this application is allowable for the reasons set forth on pages 10-11 of the Applicant's response filed on February 22, 2005.

Regarding claims 1,12 and 23, as noted therein, the claimed invention requires *inter alia* partitioning of recorded audio content into a plurality of temporally sequence voice files and receiving an input specifying a function of controlling the recording wherein the input is either a rewind or fast-forward command and wherein said function is implemented as a VXML tag and wherein accessing occurs will the recording session is in progress, whereas the closest prior art of record Schoof, II in view of Bodo and Jimenez only teach of recording the content and allowing a user to control the recording during the recording session and of the use of VXML documents. Schoof, II, Bodo and Jimenez do not teach or suggest implementing the inputs as

VXML tags in combination with a system that receives rewind or fast-forward inputs during the recording session.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Claims 1-5,7,9,10,12-16,18,20,21,23-27,29,31 and 32 have been renumbered to claims 1-24 respectively.
